

LSH V4.0 9 ROTOR — GENERATION 1 ENGINEERING DOCUMENT TREE

Distributed Nine-Rotor Survival Rotorcraft | 500 Controlled Engineering Documents

Engineering status: Conceptual Generation-1 controlled repository architecture. The tree defines engineering document coverage and evidence structure; it does not constitute verification, certification, flight proof, or production release. Document IDs are controlled placeholders.

No.	Document ID	Engineering Branch	Document Name	Document Type
1	LSH-9R-001	Program, System Baseline & Requirements	Program Charter — 9R-001	Program Charter
2	LSH-9R-002	Program, System Baseline & Requirements	System Definition — 9R-002	System Definition
3	LSH-9R-003	Program, System Baseline & Requirements	Mission Requirements — 9R-003	Mission Requirements
4	LSH-9R-004	Program, System Baseline & Requirements	Configuration Index — 9R-004	Configuration Index
5	LSH-9R-005	Program, System Baseline & Requirements	Design Basis — 9R-005	Design Basis
6	LSH-9R-006	Program, System Baseline & Requirements	Mass Properties Basis — 9R-006	Mass Properties Basis
7	LSH-9R-007	Program, System Baseline & Requirements	Performance Basis — 9R-007	Performance Basis
8	LSH-9R-008	Program, System Baseline & Requirements	Operating Concept — 9R-008	Operating Concept
9	LSH-9R-009	Program, System Baseline & Requirements	Design Philosophy — 9R-009	Design Philosophy
10	LSH-9R-010	Program, System Baseline & Requirements	Engineering Assumptions — 9R-010	Engineering Assumptions
11	LSH-9R-011	Program, System Baseline & Requirements	Requirements Management Plan — 9R-011	Requirements Management Plan
12	LSH-9R-012	Program, System Baseline & Requirements	Document Control Plan — 9R-012	Document Control Plan
13	LSH-9R-013	Program, System Baseline & Requirements	Configuration Management Plan — 9R-013	Configuration Management Plan
14	LSH-9R-014	Program, System Baseline & Requirements	Interface Management Plan — 9R-014	Interface Management Plan
15	LSH-9R-015	Program, System Baseline & Requirements	Risk Register — 9R-015	Risk Register
16	LSH-9R-016	Program, System Baseline & Requirements	Technology Readiness Assessment — 9R-016	Technology Readiness Assessment
17	LSH-9R-017	Program, System Baseline & Requirements	Development Roadmap — 9R-017	Development Roadmap
18	LSH-9R-018	Program, System Baseline & Requirements	Master Verification Strategy — 9R-018	Master Verification Strategy
19	LSH-9R-019	Program, System Baseline & Requirements	Master Data List — 9R-019	Master Data List
20	LSH-9R-020	Program, System Baseline & Requirements	System Baseline — 9R-020	System Baseline
21	LSH-9R-021	Safety, Hazard & Survival Architecture	Safety Plan — 9R-021	Safety Plan
22	LSH-9R-022	Safety, Hazard & Survival Architecture	Safety Concept — 9R-022	Safety Concept
23	LSH-9R-023	Safety, Hazard & Survival Architecture	Hazard Analysis — 9R-023	Hazard Analysis
24	LSH-9R-024	Safety, Hazard & Survival Architecture	Preliminary Hazard Analysis — 9R-024	Preliminary Hazard Analysis
25	LSH-9R-025	Safety, Hazard & Survival Architecture	Functional Hazard Assessment — 9R-025	Functional Hazard Assessment
26	LSH-9R-026	Safety, Hazard & Survival Architecture	System Safety Assessment — 9R-026	System Safety Assessment
27	LSH-9R-027	Safety, Hazard & Survival Architecture	Failure Modes Analysis — 9R-027	Failure Modes Analysis
28	LSH-9R-028	Safety, Hazard & Survival Architecture	Fault Tree Analysis — 9R-028	Fault Tree Analysis
29	LSH-9R-029	Safety, Hazard & Survival Architecture	Event Tree Analysis — 9R-029	Event Tree Analysis
30	LSH-9R-030	Safety, Hazard & Survival Architecture	Common Cause Analysis — 9R-030	Common Cause Analysis
31	LSH-9R-031	Safety, Hazard & Survival Architecture	Single Failure Analysis — 9R-031	Single Failure Analysis
32	LSH-9R-032	Safety, Hazard & Survival Architecture	Multiple Failure Analysis — 9R-032	Multiple Failure Analysis
33	LSH-9R-033	Safety, Hazard & Survival Architecture	Emergency Scenario Definition — 9R-033	Emergency Scenario Definition
34	LSH-9R-034	Safety, Hazard & Survival Architecture	Survival Scenario Matrix — 9R-034	Survival Scenario Matrix
35	LSH-9R-035	Safety, Hazard & Survival Architecture	Safety Kernel Specification — 9R-035	Safety Kernel Specification
36	LSH-9R-036	Safety, Hazard & Survival Architecture	Safety Authorization Logic — 9R-036	Safety Authorization Logic
37	LSH-9R-037	Safety, Hazard & Survival Architecture	Human Authority Specification — 9R-037	Human Authority Specification
38	LSH-9R-038	Safety, Hazard & Survival Architecture	Autonomy Envelope Specification — 9R-038	Autonomy Envelope Specification
39	LSH-9R-039	Safety, Hazard & Survival Architecture	Emergency State Machine — 9R-039	Emergency State Machine
40	LSH-9R-040	Safety, Hazard & Survival Architecture	Safe-State Definition — 9R-040	Safe-State Definition
41	LSH-9R-041	Safety, Hazard & Survival Architecture	Degraded-Mode Specification — 9R-041	Degraded-Mode Specification
42	LSH-9R-042	Safety, Hazard & Survival Architecture	Protection Independence Specification — 9R-042	Protection Independence Specification
43	LSH-9R-043	Safety, Hazard & Survival Architecture	Fire Safety Assessment — 9R-043	Fire Safety Assessment
44	LSH-9R-044	Safety, Hazard & Survival Architecture	Fuel Hazard Analysis — 9R-044	Fuel Hazard Analysis
45	LSH-9R-045	Safety, Hazard & Survival Architecture	Rotor Hazard Analysis — 9R-045	Rotor Hazard Analysis
46	LSH-9R-046	Safety, Hazard & Survival Architecture	Separation Hazard Analysis — 9R-046	Separation Hazard Analysis
47	LSH-9R-047	Safety, Hazard & Survival Architecture	Parachute Hazard Analysis — 9R-047	Parachute Hazard Analysis
48	LSH-9R-048	Safety, Hazard & Survival Architecture	Landing Impact Hazard Analysis — 9R-048	Landing Impact Hazard Analysis
49	LSH-9R-049	Safety, Hazard & Survival Architecture	Capsule Escape Analysis — 9R-049	Capsule Escape Analysis
50	LSH-9R-050	Safety, Hazard & Survival Architecture	Post-Landing Safety Analysis — 9R-050	Post-Landing Safety Analysis
51	LSH-9R-051	Safety, Hazard & Survival Architecture	Cyber Safety Boundary — 9R-051	Cyber Safety Boundary
52	LSH-9R-052	Safety, Hazard & Survival Architecture	Software Safety Requirements — 9R-052	Software Safety Requirements
53	LSH-9R-053	Safety, Hazard & Survival Architecture	Hardware Safety Requirements — 9R-053	Hardware Safety Requirements

No.	Document ID	Engineering Branch	Document Name	Document Type
54	LSH-9R-054	Safety, Hazard & Survival Architecture	Safety Monitoring Specification — 9R-054	Safety Monitoring Specification
55	LSH-9R-055	Safety, Hazard & Survival Architecture	Safety Audit Record Specification — 9R-055	Safety Audit Record Specification
56	LSH-9R-056	Safety, Hazard & Survival Architecture	Emergency Decision Record Specification — 9R-056	Emergency Decision Record Specification
57	LSH-9R-057	Safety, Hazard & Survival Architecture	Safety Case Structure — 9R-057	Safety Case Structure
58	LSH-9R-058	Safety, Hazard & Survival Architecture	Safety Evidence Plan — 9R-058	Safety Evidence Plan
59	LSH-9R-059	Safety, Hazard & Survival Architecture	Safety Requirements Traceability — 9R-059	Safety Requirements Traceability
60	LSH-9R-060	Safety, Hazard & Survival Architecture	Safety Review Record — 9R-060	Safety Review Record
61	LSH-9R-061	Survival Capsule & Occupant Protection	Capsule Requirements — 9R-061	Capsule Requirements
62	LSH-9R-062	Survival Capsule & Occupant Protection	Capsule Architecture — 9R-062	Capsule Architecture
63	LSH-9R-063	Survival Capsule & Occupant Protection	Capsule Geometry Definition — 9R-063	Capsule Geometry Definition
64	LSH-9R-064	Survival Capsule & Occupant Protection	Occupant Layout — 9R-064	Occupant Layout
65	LSH-9R-065	Survival Capsule & Occupant Protection	Seat System Specification — 9R-065	Seat System Specification
66	LSH-9R-066	Survival Capsule & Occupant Protection	Restraint System Specification — 9R-066	Restraint System Specification
67	LSH-9R-067	Survival Capsule & Occupant Protection	Crashworthy Seat Analysis — 9R-067	Crashworthy Seat Analysis
68	LSH-9R-068	Survival Capsule & Occupant Protection	Internal Protective Cell Specification — 9R-068	Internal Protective Cell Specification
69	LSH-9R-069	Survival Capsule & Occupant Protection	Protective Frame Definition — 9R-069	Protective Frame Definition
70	LSH-9R-070	Survival Capsule & Occupant Protection	Energy Absorption Strategy — 9R-070	Energy Absorption Strategy
71	LSH-9R-071	Survival Capsule & Occupant Protection	Lower Structure Definition — 9R-071	Lower Structure Definition
72	LSH-9R-072	Survival Capsule & Occupant Protection	Roof Protection Definition — 9R-072	Roof Protection Definition
73	LSH-9R-073	Survival Capsule & Occupant Protection	Lateral Protection Definition — 9R-073	Lateral Protection Definition
74	LSH-9R-074	Survival Capsule & Occupant Protection	Longitudinal Protection Definition — 9R-074	Longitudinal Protection Definition
75	LSH-9R-075	Survival Capsule & Occupant Protection	Vertical Load Path Analysis — 9R-075	Vertical Load Path Analysis
76	LSH-9R-076	Survival Capsule & Occupant Protection	Rollover Protection Analysis — 9R-076	Rollover Protection Analysis
77	LSH-9R-077	Survival Capsule & Occupant Protection	Occupant Injury Criteria — 9R-077	Occupant Injury Criteria
78	LSH-9R-078	Survival Capsule & Occupant Protection	Crash Load Envelope — 9R-078	Crash Load Envelope
79	LSH-9R-079	Survival Capsule & Occupant Protection	Capsule CG and Inertia — 9R-079	Capsule CG and Inertia
80	LSH-9R-080	Survival Capsule & Occupant Protection	Capsule Structural Model — 9R-080	Capsule Structural Model
81	LSH-9R-081	Survival Capsule & Occupant Protection	Capsule Finite Element Model — 9R-081	Capsule Finite Element Model
82	LSH-9R-082	Survival Capsule & Occupant Protection	Capsule Modal Analysis — 9R-082	Capsule Modal Analysis
83	LSH-9R-083	Survival Capsule & Occupant Protection	Capsule Impact Analysis — 9R-083	Capsule Impact Analysis
84	LSH-9R-084	Survival Capsule & Occupant Protection	Support Interface Specification — 9R-084	Support Interface Specification
85	LSH-9R-085	Survival Capsule & Occupant Protection	Emergency Egress Specification — 9R-085	Emergency Egress Specification
86	LSH-9R-086	Survival Capsule & Occupant Protection	Post-Landing Egress — 9R-086	Post-Landing Egress
87	LSH-9R-087	Survival Capsule & Occupant Protection	Life Support Baseline — 9R-087	Life Support Baseline
88	LSH-9R-088	Survival Capsule & Occupant Protection	Emergency Power Baseline — 9R-088	Emergency Power Baseline
89	LSH-9R-089	Survival Capsule & Occupant Protection	Emergency Lighting Specification — 9R-089	Emergency Lighting Specification
90	LSH-9R-090	Survival Capsule & Occupant Protection	Thermal Protection Specification — 9R-090	Thermal Protection Specification
91	LSH-9R-091	Survival Capsule & Occupant Protection	Smoke and Fire Protection — 9R-091	Smoke and Fire Protection
92	LSH-9R-092	Survival Capsule & Occupant Protection	Water Landing Assessment — 9R-092	Water Landing Assessment
93	LSH-9R-093	Survival Capsule & Occupant Protection	Soft Soil Landing Assessment — 9R-093	Soft Soil Landing Assessment
94	LSH-9R-094	Survival Capsule & Occupant Protection	Capsule Maintenance Concept — 9R-094	Capsule Maintenance Concept
95	LSH-9R-095	Survival Capsule & Occupant Protection	Capsule Inspection Plan — 9R-095	Capsule Inspection Plan
96	LSH-9R-096	Survival Capsule & Occupant Protection	Capsule Manufacturing Definition — 9R-096	Capsule Manufacturing Definition
97	LSH-9R-097	Survival Capsule & Occupant Protection	Capsule Assembly Procedure — 9R-097	Capsule Assembly Procedure
98	LSH-9R-098	Survival Capsule & Occupant Protection	Capsule Quality Plan — 9R-098	Capsule Quality Plan
99	LSH-9R-099	Survival Capsule & Occupant Protection	Capsule Test Plan — 9R-099	Capsule Test Plan
100	LSH-9R-100	Survival Capsule & Occupant Protection	Capsule Verification Matrix — 9R-100	Capsule Verification Matrix
101	LSH-9R-101	Rapid Selective Separation & Jettison	Separation Architecture — 9R-101	Separation Architecture
102	LSH-9R-102	Rapid Selective Separation & Jettison	Separation State Definition — 9R-102	Separation State Definition
103	LSH-9R-103	Rapid Selective Separation & Jettison	Jettison Candidate Definition — 9R-103	Jettison Candidate Definition
104	LSH-9R-104	Rapid Selective Separation & Jettison	Release Interface Specification — 9R-104	Release Interface Specification
105	LSH-9R-105	Rapid Selective Separation & Jettison	Normal Retention Specification — 9R-105	Normal Retention Specification
106	LSH-9R-106	Rapid Selective Separation & Jettison	Emergency Release Specification — 9R-106	Emergency Release Specification
107	LSH-9R-107	Rapid Selective Separation & Jettison	Redundant Release Architecture — 9R-107	Redundant Release Architecture
108	LSH-9R-108	Rapid Selective Separation & Jettison	Release Actuator Specification — 9R-108	Release Actuator Specification
109	LSH-9R-109	Rapid Selective Separation & Jettison	Release Energy Budget — 9R-109	Release Energy Budget
110	LSH-9R-110	Rapid Selective Separation & Jettison	Release Timing Budget — 9R-110	Release Timing Budget
111	LSH-9R-111	Rapid Selective Separation & Jettison	Release Command Logic — 9R-111	Release Command Logic

No.	Document ID	Engineering Branch	Document Name	Document Type
112	LSH-9R-112	Rapid Selective Separation & Jettison	Release Authorization Logic — 9R-112	Release Authorization Logic
113	LSH-9R-113	Rapid Selective Separation & Jettison	Isolation and Depressurization — 9R-113	Isolation and Depressurization
114	LSH-9R-114	Rapid Selective Separation & Jettison	Fuel Isolation Specification — 9R-114	Fuel Isolation Specification
115	LSH-9R-115	Rapid Selective Separation & Jettison	Electrical Isolation Specification — 9R-115	Electrical Isolation Specification
116	LSH-9R-116	Rapid Selective Separation & Jettison	Hydraulic Isolation Specification — 9R-116	Hydraulic Isolation Specification
117	LSH-9R-117	Rapid Selective Separation & Jettison	Control Isolation Specification — 9R-117	Control Isolation Specification
118	LSH-9R-118	Rapid Selective Separation & Jettison	Mechanical Restraint Analysis — 9R-118	Mechanical Restraint Analysis
119	LSH-9R-119	Rapid Selective Separation & Jettison	Release Load Analysis — 9R-119	Release Load Analysis
120	LSH-9R-120	Rapid Selective Separation & Jettison	Release Dynamics Analysis — 9R-120	Release Dynamics Analysis
121	LSH-9R-121	Rapid Selective Separation & Jettison	Partial Release Analysis — 9R-121	Partial Release Analysis
122	LSH-9R-122	Rapid Selective Separation & Jettison	Asymmetric Release Analysis — 9R-122	Asymmetric Release Analysis
123	LSH-9R-123	Rapid Selective Separation & Jettison	Failed Release Analysis — 9R-123	Failed Release Analysis
124	LSH-9R-124	Rapid Selective Separation & Jettison	Unintended Release Analysis — 9R-124	Unintended Release Analysis
125	LSH-9R-125	Rapid Selective Separation & Jettison	Release Sensor Specification — 9R-125	Release Sensor Specification
126	LSH-9R-126	Rapid Selective Separation & Jettison	Separation State Sensing — 9R-126	Separation State Sensing
127	LSH-9R-127	Rapid Selective Separation & Jettison	Clearance Detection — 9R-127	Clearance Detection
128	LSH-9R-128	Rapid Selective Separation & Jettison	Rotor Clearance Analysis — 9R-128	Rotor Clearance Analysis
129	LSH-9R-129	Rapid Selective Separation & Jettison	Drive Clearance Analysis — 9R-129	Drive Clearance Analysis
130	LSH-9R-130	Rapid Selective Separation & Jettison	Engine Separation Analysis — 9R-130	Engine Separation Analysis
131	LSH-9R-131	Rapid Selective Separation & Jettison	Transmission Separation Analysis — 9R-131	Transmission Separation Analysis
132	LSH-9R-132	Rapid Selective Separation & Jettison	Fuel Tank Separation Analysis — 9R-132	Fuel Tank Separation Analysis
133	LSH-9R-133	Rapid Selective Separation & Jettison	External Structure Separation — 9R-133	External Structure Separation
134	LSH-9R-134	Rapid Selective Separation & Jettison	Selected Rotor Component Release Study — 9R-134	Selected Rotor Component Release Study
135	LSH-9R-135	Rapid Selective Separation & Jettison	Main Rotor Release Trade Study — 9R-135	Main Rotor Release Trade Study
136	LSH-9R-136	Rapid Selective Separation & Jettison	Separation Debris Analysis — 9R-136	Separation Debris Analysis
137	LSH-9R-137	Rapid Selective Separation & Jettison	Release Flow Analysis — 9R-137	Release Flow Analysis
138	LSH-9R-138	Rapid Selective Separation & Jettison	Separation Simulation Model — 9R-138	Separation Simulation Model
139	LSH-9R-139	Rapid Selective Separation & Jettison	Separation Ground Test Plan — 9R-139	Separation Ground Test Plan
140	LSH-9R-140	Rapid Selective Separation & Jettison	Separation Verification Matrix — 9R-140	Separation Verification Matrix
141	LSH-9R-141	Parachute, Recovery & Descent	Recovery Architecture — 9R-141	Recovery Architecture
142	LSH-9R-142	Parachute, Recovery & Descent	Parachute Requirements — 9R-142	Parachute Requirements
143	LSH-9R-143	Parachute, Recovery & Descent	Canopy Architecture — 9R-143	Canopy Architecture
144	LSH-9R-144	Parachute, Recovery & Descent	Canopy Sizing Study — 9R-144	Canopy Sizing Study
145	LSH-9R-145	Parachute, Recovery & Descent	Canopy Deployment Logic — 9R-145	Canopy Deployment Logic
146	LSH-9R-146	Parachute, Recovery & Descent	Canopy Release Interface — 9R-146	Canopy Release Interface
147	LSH-9R-147	Parachute, Recovery & Descent	Redundant Deployment Architecture — 9R-147	Redundant Deployment Architecture
148	LSH-9R-148	Parachute, Recovery & Descent	Extractor/Mortar Study — 9R-148	Extractor/Mortar Study
149	LSH-9R-149	Parachute, Recovery & Descent	Riser and Suspension Design — 9R-149	Riser and Suspension Design
150	LSH-9R-150	Parachute, Recovery & Descent	Line Load Analysis — 9R-150	Line Load Analysis
151	LSH-9R-151	Parachute, Recovery & Descent	Canopy Inflation Dynamics — 9R-151	Canopy Inflation Dynamics
152	LSH-9R-152	Parachute, Recovery & Descent	Descent Stability Analysis — 9R-152	Descent Stability Analysis
153	LSH-9R-153	Parachute, Recovery & Descent	Capsule Descent Model — 9R-153	Capsule Descent Model
154	LSH-9R-154	Parachute, Recovery & Descent	Capsule 6-DOF Recovery Model — 9R-154	Capsule 6-DOF Recovery Model
155	LSH-9R-155	Parachute, Recovery & Descent	Crosswind Analysis — 9R-155	Crosswind Analysis
156	LSH-9R-156	Parachute, Recovery & Descent	Gust Analysis — 9R-156	Gust Analysis
157	LSH-9R-157	Parachute, Recovery & Descent	Deployment Envelope — 9R-157	Deployment Envelope
158	LSH-9R-158	Parachute, Recovery & Descent	Deployment Failure Analysis — 9R-158	Deployment Failure Analysis
159	LSH-9R-159	Parachute, Recovery & Descent	Partial Canopy Deployment — 9R-159	Partial Canopy Deployment
160	LSH-9R-160	Parachute, Recovery & Descent	Reserve Recovery Mode — 9R-160	Reserve Recovery Mode
161	LSH-9R-161	Parachute, Recovery & Descent	Landing Velocity Target — 9R-161	Landing Velocity Target
162	LSH-9R-162	Parachute, Recovery & Descent	Recovery Energy Budget — 9R-162	Recovery Energy Budget
163	LSH-9R-163	Parachute, Recovery & Descent	Recovery Structural Loads — 9R-163	Recovery Structural Loads
164	LSH-9R-164	Parachute, Recovery & Descent	Recovery Attachment Analysis — 9R-164	Recovery Attachment Analysis
165	LSH-9R-165	Parachute, Recovery & Descent	Canopy Material Definition — 9R-165	Canopy Material Definition
166	LSH-9R-166	Parachute, Recovery & Descent	Packing Concept — 9R-166	Packing Concept
167	LSH-9R-167	Parachute, Recovery & Descent	Deployment Test Plan — 9R-167	Deployment Test Plan
168	LSH-9R-168	Parachute, Recovery & Descent	Drop Test Plan — 9R-168	Drop Test Plan
169	LSH-9R-169	Parachute, Recovery & Descent	Recovery System Verification — 9R-169	Recovery System Verification

No.	Document ID	Engineering Branch	Document Name	Document Type
170	LSH-9R-170	Parachute, Recovery & Descent	Recovery Maintenance Plan — 9R-170	Recovery Maintenance Plan
171	LSH-9R-171	Airframe, Structural & Landing Supports	Airframe Requirements — 9R-171	Airframe Requirements
172	LSH-9R-172	Airframe, Structural & Landing Supports	Airframe Architecture — 9R-172	Airframe Architecture
173	LSH-9R-173	Airframe, Structural & Landing Supports	Primary Structure Definition — 9R-173	Primary Structure Definition
174	LSH-9R-174	Airframe, Structural & Landing Supports	Secondary Structure Definition — 9R-174	Secondary Structure Definition
175	LSH-9R-175	Airframe, Structural & Landing Supports	Pylon Structure Definition — 9R-175	Pylon Structure Definition
176	LSH-9R-176	Airframe, Structural & Landing Supports	Cabin Structure Definition — 9R-176	Cabin Structure Definition
177	LSH-9R-177	Airframe, Structural & Landing Supports	Floor Structure Definition — 9R-177	Floor Structure Definition
178	LSH-9R-178	Airframe, Structural & Landing Supports	Roof Structure Definition — 9R-178	Roof Structure Definition
179	LSH-9R-179	Airframe, Structural & Landing Supports	Landing Support Architecture — 9R-179	Landing Support Architecture
180	LSH-9R-180	Airframe, Structural & Landing Supports	Landing Support Geometry — 9R-180	Landing Support Geometry
181	LSH-9R-181	Airframe, Structural & Landing Supports	Support Energy Absorber — 9R-181	Support Energy Absorber
182	LSH-9R-182	Airframe, Structural & Landing Supports	Support Attachment Analysis — 9R-182	Support Attachment Analysis
183	LSH-9R-183	Airframe, Structural & Landing Supports	Support Load Cases — 9R-183	Support Load Cases
184	LSH-9R-184	Airframe, Structural & Landing Supports	Vertical Landing Analysis — 9R-184	Vertical Landing Analysis
185	LSH-9R-185	Airframe, Structural & Landing Supports	Lateral Landing Analysis — 9R-185	Lateral Landing Analysis
186	LSH-9R-186	Airframe, Structural & Landing Supports	Longitudinal Landing Analysis — 9R-186	Longitudinal Landing Analysis
187	LSH-9R-187	Airframe, Structural & Landing Supports	Slope Landing Analysis — 9R-187	Slope Landing Analysis
188	LSH-9R-188	Airframe, Structural & Landing Supports	Uneven Ground Analysis — 9R-188	Uneven Ground Analysis
189	LSH-9R-189	Airframe, Structural & Landing Supports	Soft Soil Analysis — 9R-189	Soft Soil Analysis
190	LSH-9R-190	Airframe, Structural & Landing Supports	Support Failure Analysis — 9R-190	Support Failure Analysis
191	LSH-9R-191	Airframe, Structural & Landing Supports	Asymmetric Landing Analysis — 9R-191	Asymmetric Landing Analysis
192	LSH-9R-192	Airframe, Structural & Landing Supports	Tipping Stability Analysis — 9R-192	Tipping Stability Analysis
193	LSH-9R-193	Airframe, Structural & Landing Supports	Ground Resonance Assessment — 9R-193	Ground Resonance Assessment
194	LSH-9R-194	Airframe, Structural & Landing Supports	Crashworthiness Structure — 9R-194	Crashworthiness Structure
195	LSH-9R-195	Airframe, Structural & Landing Supports	Structural Load Envelope — 9R-195	Structural Load Envelope
196	LSH-9R-196	Airframe, Structural & Landing Supports	Static Strength Analysis — 9R-196	Static Strength Analysis
197	LSH-9R-197	Airframe, Structural & Landing Supports	Fatigue Analysis — 9R-197	Fatigue Analysis
198	LSH-9R-198	Airframe, Structural & Landing Supports	Damage Tolerance Assessment — 9R-198	Damage Tolerance Assessment
199	LSH-9R-199	Airframe, Structural & Landing Supports	Fracture Critical Assessment — 9R-199	Fracture Critical Assessment
200	LSH-9R-200	Airframe, Structural & Landing Supports	Material Definition — 9R-200	Material Definition
201	LSH-9R-201	Airframe, Structural & Landing Supports	Joint and Fastener Specification — 9R-201	Joint and Fastener Specification
202	LSH-9R-202	Airframe, Structural & Landing Supports	Structural FEM — 9R-202	Structural FEM
203	LSH-9R-203	Airframe, Structural & Landing Supports	Modal Test Definition — 9R-203	Modal Test Definition
204	LSH-9R-204	Airframe, Structural & Landing Supports	Aeroelasticity Assessment — 9R-204	Aeroelasticity Assessment
205	LSH-9R-205	Airframe, Structural & Landing Supports	Vibration Analysis — 9R-205	Vibration Analysis
206	LSH-9R-206	Airframe, Structural & Landing Supports	Acoustic Assessment — 9R-206	Acoustic Assessment
207	LSH-9R-207	Airframe, Structural & Landing Supports	Environmental Loads — 9R-207	Environmental Loads
208	LSH-9R-208	Airframe, Structural & Landing Supports	Manufacturing Tolerances — 9R-208	Manufacturing Tolerances
209	LSH-9R-209	Airframe, Structural & Landing Supports	Structural Inspection Plan — 9R-209	Structural Inspection Plan
210	LSH-9R-210	Airframe, Structural & Landing Supports	Structural Test Plan — 9R-210	Structural Test Plan

351	LSH-9R-351	Dynamics, 6-DOF & Emergency Simulation	Climb Performance Model — 9R-351	Climb Performance Model
352	LSH-9R-352	Dynamics, 6-DOF & Emergency Simulation	Descent Performance Model — 9R-352	Descent Performance Model
353	LSH-9R-353	Dynamics, 6-DOF & Emergency Simulation	Autorotation Performance — 9R-353	Autorotation Performance
354	LSH-9R-354	Dynamics, 6-DOF & Emergency Simulation	OEI Performance — 9R-354	OEI Performance
355	LSH-9R-355	Dynamics, 6-DOF & Emergency Simulation	Range Analysis — 9R-355	Range Analysis
356	LSH-9R-356	Dynamics, 6-DOF & Emergency Simulation	Endurance Analysis — 9R-356	Endurance Analysis
357	LSH-9R-357	Dynamics, 6-DOF & Emergency Simulation	Fuel Burn Model — 9R-357	Fuel Burn Model
358	LSH-9R-358	Dynamics, 6-DOF & Emergency Simulation	Mission Profile — 9R-358	Mission Profile
359	LSH-9R-359	Dynamics, 6-DOF & Emergency Simulation	Payload-Range Study — 9R-359	Payload-Range Study
360	LSH-9R-360	Dynamics, 6-DOF & Emergency Simulation	Environmental Performance — 9R-360	Environmental Performance
361	LSH-9R-361	Dynamics, 6-DOF & Emergency Simulation	Altitude Envelope — 9R-361	Altitude Envelope
362	LSH-9R-362	Dynamics, 6-DOF & Emergency Simulation	Temperature Envelope — 9R-362	Temperature Envelope
363	LSH-9R-363	Dynamics, 6-DOF & Emergency Simulation	Wind Envelope — 9R-363	Wind Envelope
364	LSH-9R-364	Dynamics, 6-DOF & Emergency Simulation	Crosswind Envelope — 9R-364	Crosswind Envelope
365	LSH-9R-365	Dynamics, 6-DOF & Emergency Simulation	Density Altitude Study — 9R-365	Density Altitude Study
366	LSH-9R-366	Dynamics, 6-DOF & Emergency Simulation	Noise Assessment — 9R-366	Noise Assessment
367	LSH-9R-367	Dynamics, 6-DOF & Emergency Simulation	Vibration Performance — 9R-367	Vibration Performance
368	LSH-9R-368	Dynamics, 6-DOF & Emergency Simulation	Performance Sensitivity — 9R-368	Performance Sensitivity
369	LSH-9R-369	Dynamics, 6-DOF & Emergency Simulation	Mass Sensitivity — 9R-369	Mass Sensitivity
370	LSH-9R-370	Dynamics, 6-DOF & Emergency Simulation	CG Sensitivity — 9R-370	CG Sensitivity
371	LSH-9R-371	Dynamics, 6-DOF & Emergency Simulation	Propulsion Sensitivity — 9R-371	Propulsion Sensitivity
372	LSH-9R-372	Dynamics, 6-DOF & Emergency Simulation	Rotor Diameter Trade Study — 9R-372	Rotor Diameter Trade Study
373	LSH-9R-373	Dynamics, 6-DOF & Emergency Simulation	Rotor Speed Trade Study — 9R-373	Rotor Speed Trade Study
374	LSH-9R-374	Dynamics, 6-DOF & Emergency Simulation	Power Margin Study — 9R-374	Power Margin Study
375	LSH-9R-375	Dynamics, 6-DOF & Emergency Simulation	Energy Reserve Analysis — 9R-375	Energy Reserve Analysis
376	LSH-9R-376	Dynamics, 6-DOF & Emergency Simulation	Emergency Performance — 9R-376	Emergency Performance
377	LSH-9R-377	Dynamics, 6-DOF & Emergency Simulation	Takeoff/Landing Performance — 9R-377	Takeoff/Landing Performance
378	LSH-9R-378	Dynamics, 6-DOF & Emergency Simulation	Operating Limitations — 9R-378	Operating Limitations
379	LSH-9R-379	Dynamics, 6-DOF & Emergency Simulation	Performance Data Book — 9R-379	Performance Data Book
380	LSH-9R-380	Dynamics, 6-DOF & Emergency Simulation	Performance Verification Matrix — 9R-380	Performance Verification Matrix
381	LSH-9R-381	Interfaces, Integration & Manufacturing Definition	6-DOF Model — 9R-381	6-DOF Model
382	LSH-9R-382	Interfaces, Integration & Manufacturing Definition	Mass and Inertia Model — 9R-382	Mass and Inertia Model
383	LSH-9R-383	Interfaces, Integration & Manufacturing Definition	CG Migration Model — 9R-383	CG Migration Model
384	LSH-9R-384	Interfaces, Integration & Manufacturing Definition	Rigid-Body Dynamics — 9R-384	Rigid-Body Dynamics
385	LSH-9R-385	Interfaces, Integration & Manufacturing Definition	Rotorcraft Flight Dynamics — 9R-385	Rotorcraft Flight Dynamics
386	LSH-9R-386	Interfaces, Integration & Manufacturing Definition	Rotor Coupling Model — 9R-386	Rotor Coupling Model
387	LSH-9R-387	Interfaces, Integration & Manufacturing Definition	Control Response Model — 9R-387	Control Response Model
388	LSH-9R-388	Interfaces, Integration & Manufacturing Definition	Engine Failure Dynamics — 9R-388	Engine Failure Dynamics
389	LSH-9R-389	Interfaces, Integration & Manufacturing Definition	Rotor/Drive Failure Dynamics — 9R-389	Rotor/Drive Failure Dynamics
390	LSH-9R-390	Interfaces, Integration & Manufacturing Definition	Fire Scenario Dynamics — 9R-390	Fire Scenario Dynamics
391	LSH-9R-391	Interfaces, Integration & Manufacturing Definition	Structural Failure Dynamics — 9R-391	Structural Failure Dynamics
392	LSH-9R-392	Interfaces, Integration & Manufacturing Definition	Separation Dynamics — 9R-392	Separation Dynamics
393	LSH-9R-393	Interfaces, Integration & Manufacturing Definition	Partial Separation Dynamics — 9R-393	Partial Separation Dynamics
394	LSH-9R-394	Interfaces, Integration & Manufacturing Definition	Asymmetric Separation Dynamics — 9R-394	Asymmetric Separation Dynamics
395	LSH-9R-395	Interfaces, Integration & Manufacturing Definition	Capsule Release Dynamics — 9R-395	Capsule Release Dynamics
396	LSH-9R-396	Interfaces, Integration & Manufacturing Definition	Clearance Dynamics — 9R-396	Clearance Dynamics
397	LSH-9R-397	Interfaces, Integration & Manufacturing Definition	Parachute Deployment Dynamics — 9R-397	Parachute Deployment Dynamics
398	LSH-9R-398	Interfaces, Integration & Manufacturing Definition	Descent Dynamics — 9R-398	Descent Dynamics
399	LSH-9R-399	Interfaces, Integration & Manufacturing Definition	Landing Impact Dynamics — 9R-399	Landing Impact Dynamics
400	LSH-9R-400	Interfaces, Integration & Manufacturing Definition	Post-Landing Stability — 9R-400	Post-Landing Stability
401	LSH-9R-401	Interfaces, Integration & Manufacturing Definition	Tipping Dynamics — 9R-401	Tipping Dynamics

No.	Document ID	Engineering Branch	Document Name	Document Type
402	LSH-9R-402	Interfaces, Integration & Manufacturing Definition	Ground Contact Model — 9R-402	Ground Contact Model
403	LSH-9R-403	Interfaces, Integration & Manufacturing Definition	Wind/Gust Model — 9R-403	Wind/Gust Model
404	LSH-9R-404	Interfaces, Integration & Manufacturing Definition	Monte Carlo Scenario Model — 9R-404	Monte Carlo Scenario Model
405	LSH-9R-405	Interfaces, Integration & Manufacturing Definition	Uncertainty Model — 9R-405	Uncertainty Model
406	LSH-9R-406	Interfaces, Integration & Manufacturing Definition	Sensor Failure Model — 9R-406	Sensor Failure Model
407	LSH-9R-407	Interfaces, Integration & Manufacturing Definition	Actuator Failure Model — 9R-407	Actuator Failure Model
408	LSH-9R-408	Interfaces, Integration & Manufacturing Definition	Communication Loss Model — 9R-408	Communication Loss Model
409	LSH-9R-409	Interfaces, Integration & Manufacturing Definition	Control Allocation Failure — 9R-409	Control Allocation Failure
410	LSH-9R-410	Interfaces, Integration & Manufacturing Definition	Safety Kernel Rejection Model — 9R-410	Safety Kernel Rejection Model
411	LSH-9R-411	Interfaces, Integration & Manufacturing Definition	Degraded Mode Simulation — 9R-411	Degraded Mode Simulation
412	LSH-9R-412	Interfaces, Integration & Manufacturing Definition	Emergency State Simulation — 9R-412	Emergency State Simulation
413	LSH-9R-413	Interfaces, Integration & Manufacturing Definition	Recovery Success Criteria — 9R-413	Recovery Success Criteria
414	LSH-9R-414	Interfaces, Integration & Manufacturing Definition	Emergency Simulation Matrix — 9R-414	Emergency Simulation Matrix
415	LSH-9R-415	Interfaces, Integration & Manufacturing Definition	Simulation Verification Plan — 9R-415	Simulation Verification Plan
416	LSH-9R-416	Interfaces, Integration & Manufacturing Definition	Model Correlation Plan — 9R-416	Model Correlation Plan
417	LSH-9R-417	Interfaces, Integration & Manufacturing Definition	Numerical Verification — 9R-417	Numerical Verification
418	LSH-9R-418	Interfaces, Integration & Manufacturing Definition	Sensitivity Analysis — 9R-418	Sensitivity Analysis
419	LSH-9R-419	Interfaces, Integration & Manufacturing Definition	Scenario Coverage Report — 9R-419	Scenario Coverage Report
420	LSH-9R-420	Interfaces, Integration & Manufacturing Definition	Simulation Evidence Index — 9R-420	Simulation Evidence Index
421	LSH-9R-421	Interfaces, Integration & Manufacturing Definition	6-DOF Model — Detail 2 — 9R-421	6-DOF Model
422	LSH-9R-422	Interfaces, Integration & Manufacturing Definition	Mass and Inertia Model — Detail 2 — 9R-422	Mass and Inertia Model
423	LSH-9R-423	Interfaces, Integration & Manufacturing Definition	CG Migration Model — Detail 2 — 9R-423	CG Migration Model
424	LSH-9R-424	Interfaces, Integration & Manufacturing Definition	Rigid-Body Dynamics — Detail 2 — 9R-424	Rigid-Body Dynamics
425	LSH-9R-425	Interfaces, Integration & Manufacturing Definition	Rotorcraft Flight Dynamics — Detail 2 — 9R-425	Rotorcraft Flight Dynamics
426	LSH-9R-426	Interfaces, Integration & Manufacturing Definition	Rotor Coupling Model — Detail 2 — 9R-426	Rotor Coupling Model
427	LSH-9R-427	Interfaces, Integration & Manufacturing Definition	Control Response Model — Detail 2 — 9R-427	Control Response Model
428	LSH-9R-428	Interfaces, Integration & Manufacturing Definition	Engine Failure Dynamics — Detail 2 — 9R-428	Engine Failure Dynamics
429	LSH-9R-429	Interfaces, Integration & Manufacturing Definition	Rotor/Drive Failure Dynamics — Detail 2 — 9R-429	Rotor/Drive Failure Dynamics
430	LSH-9R-430	Interfaces, Integration & Manufacturing Definition	Fire Scenario Dynamics — Detail 2 — 9R-430	Fire Scenario Dynamics
431	LSH-9R-431	Verification, Validation, Test & Qualification	Interface Control Document — 9R-431	Interface Control Document
432	LSH-9R-432	Verification, Validation, Test & Qualification	Mechanical Interfaces — 9R-432	Mechanical Interfaces
433	LSH-9R-433	Verification, Validation, Test & Qualification	Electrical Interfaces — 9R-433	Electrical Interfaces
434	LSH-9R-434	Verification, Validation, Test & Qualification	Data Interfaces — 9R-434	Data Interfaces
435	LSH-9R-435	Verification, Validation, Test & Qualification	Fluid Interfaces — 9R-435	Fluid Interfaces
436	LSH-9R-436	Verification, Validation, Test & Qualification	Fuel Interfaces — 9R-436	Fuel Interfaces
437	LSH-9R-437	Verification, Validation, Test & Qualification	Hydraulic Interfaces — 9R-437	Hydraulic Interfaces
438	LSH-9R-438	Verification, Validation, Test & Qualification	Control Interfaces — 9R-438	Control Interfaces
439	LSH-9R-439	Verification, Validation, Test & Qualification	Safety Interfaces — 9R-439	Safety Interfaces
440	LSH-9R-440	Verification, Validation, Test & Qualification	Capsule-Airframe Interface — 9R-440	Capsule-Airframe Interface
441	LSH-9R-441	Verification, Validation, Test & Qualification	Capsule-Recovery Interface — 9R-441	Capsule-Recovery Interface
442	LSH-9R-442	Verification, Validation, Test & Qualification	Capsule-Separation Interface — 9R-442	Capsule-Separation Interface
443	LSH-9R-443	Verification, Validation, Test & Qualification	Rotor-Airframe Interface — 9R-443	Rotor-Airframe Interface
444	LSH-9R-444	Verification, Validation, Test & Qualification	Rotor-Transmission Interface — 9R-444	Rotor-Transmission Interface
445	LSH-9R-445	Verification, Validation, Test & Qualification	Powerplant-Transmission Interface — 9R-445	Powerplant-Transmission Interface
446	LSH-9R-446	Verification, Validation, Test & Qualification	Avionics Interfaces — 9R-446	Avionics Interfaces
447	LSH-9R-447	Verification, Validation, Test & Qualification	Emergency Command Interfaces — 9R-447	Emergency Command Interfaces
448	LSH-9R-448	Verification, Validation, Test & Qualification	Human-System Interface — 9R-448	Human-System Interface
449	LSH-9R-449	Verification, Validation, Test & Qualification	Ground Support Interface — 9R-449	Ground Support Interface
450	LSH-9R-450	Verification, Validation, Test & Qualification	Maintenance Interface — 9R-450	Maintenance Interface
451	LSH-9R-451	Verification, Validation, Test & Qualification	Manufacturing Interface — 9R-451	Manufacturing Interface
452	LSH-9R-452	Verification, Validation, Test & Qualification	Tooling Definition — 9R-452	Tooling Definition
453	LSH-9R-453	Verification, Validation, Test & Qualification	Assembly Sequence — 9R-453	Assembly Sequence
454	LSH-9R-454	Verification, Validation, Test & Qualification	Integration Sequence — 9R-454	Integration Sequence
455	LSH-9R-455	Verification, Validation, Test & Qualification	Subsystem Integration Plan — 9R-455	Subsystem Integration Plan
456	LSH-9R-456	Verification, Validation, Test & Qualification	System Integration Plan — 9R-456	System Integration Plan
457	LSH-9R-457	Verification, Validation, Test & Qualification	Ground Integration Test Plan — 9R-457	Ground Integration Test Plan
458	LSH-9R-458	Verification, Validation, Test & Qualification	Hardware-in-the-Loop Plan — 9R-458	Hardware-in-the-Loop Plan
459	LSH-9R-459	Verification, Validation, Test & Qualification	Software-in-the-Loop Plan — 9R-459	Software-in-the-Loop Plan

No.	Document ID	Engineering Branch	Document Name	Document Type
460	LSH-9R-460	Verification, Validation, Test & Qualification	Rig Test Definition — 9R-460	Rig Test Definition
461	LSH-9R-461	Verification, Validation, Test & Qualification	Prototype Build Specification — 9R-461	Prototype Build Specification
462	LSH-9R-462	Verification, Validation, Test & Qualification	Prototype Configuration — 9R-462	Prototype Configuration
463	LSH-9R-463	Verification, Validation, Test & Qualification	Manufacturing Process Specification — 9R-463	Manufacturing Process Specification
464	LSH-9R-464	Verification, Validation, Test & Qualification	Special Process Control — 9R-464	Special Process Control
465	LSH-9R-465	Verification, Validation, Test & Qualification	Supplier Technical Requirements — 9R-465	Supplier Technical Requirements
466	LSH-9R-466	Verification, Validation, Test & Qualification	Inspection and Acceptance Plan — 9R-466	Inspection and Acceptance Plan
467	LSH-9R-467	Verification, Validation, Test & Qualification	Nonconformance Control — 9R-467	Nonconformance Control
468	LSH-9R-468	Verification, Validation, Test & Qualification	Repair and Rework Specification — 9R-468	Repair and Rework Specification
469	LSH-9R-469	Verification, Validation, Test & Qualification	Packaging and Handling — 9R-469	Packaging and Handling
470	LSH-9R-470	Verification, Validation, Test & Qualification	Transport/Storage Specification — 9R-470	Transport/Storage Specification
471	LSH-9R-471	Certification, Configuration, Quality & IP Evidence	Verification Plan — 9R-471	Verification Plan
472	LSH-9R-472	Certification, Configuration, Quality & IP Evidence	Requirement Verification Matrix — 9R-472	Requirement Verification Matrix
473	LSH-9R-473	Certification, Configuration, Quality & IP Evidence	Analysis Procedure — 9R-473	Analysis Procedure
474	LSH-9R-474	Certification, Configuration, Quality & IP Evidence	Inspection Procedure — 9R-474	Inspection Procedure
475	LSH-9R-475	Certification, Configuration, Quality & IP Evidence	Test Procedure — 9R-475	Test Procedure
476	LSH-9R-476	Certification, Configuration, Quality & IP Evidence	Demonstration Procedure — 9R-476	Demonstration Procedure
477	LSH-9R-477	Certification, Configuration, Quality & IP Evidence	Verification Evidence Index — 9R-477	Verification Evidence Index
478	LSH-9R-478	Certification, Configuration, Quality & IP Evidence	Subsystem Test Plan — 9R-478	Subsystem Test Plan
479	LSH-9R-479	Certification, Configuration, Quality & IP Evidence	Component Test Plan — 9R-479	Component Test Plan
480	LSH-9R-480	Certification, Configuration, Quality & IP Evidence	Structural Test Plan — 9R-480	Structural Test Plan
481	LSH-9R-481	Certification, Configuration, Quality & IP Evidence	Rotor Test Plan — 9R-481	Rotor Test Plan
482	LSH-9R-482	Certification, Configuration, Quality & IP Evidence	Transmission Test Plan — 9R-482	Transmission Test Plan
483	LSH-9R-483	Certification, Configuration, Quality & IP Evidence	Powerplant Test Plan — 9R-483	Powerplant Test Plan
484	LSH-9R-484	Certification, Configuration, Quality & IP Evidence	Fuel System Test — 9R-484	Fuel System Test
485	LSH-9R-485	Certification, Configuration, Quality & IP Evidence	Fire System Test — 9R-485	Fire System Test
486	LSH-9R-486	Certification, Configuration, Quality & IP Evidence	Electrical Test — 9R-486	Electrical Test
487	LSH-9R-487	Certification, Configuration, Quality & IP Evidence	Avionics Test — 9R-487	Avionics Test
488	LSH-9R-488	Certification, Configuration, Quality & IP Evidence	Control System Test — 9R-488	Control System Test
489	LSH-9R-489	Certification, Configuration, Quality & IP Evidence	Safety Kernel Test — 9R-489	Safety Kernel Test
490	LSH-9R-490	Certification, Configuration, Quality & IP Evidence	Emergency Detection Test — 9R-490	Emergency Detection Test
491	LSH-9R-491	Certification, Configuration, Quality & IP Evidence	Backup Initiation Test — 9R-491	Backup Initiation Test
492	LSH-9R-492	Certification, Configuration, Quality & IP Evidence	Manual Authority Test — 9R-492	Manual Authority Test
493	LSH-9R-493	Certification, Configuration, Quality & IP Evidence	Separation Ground Test — 9R-493	Separation Ground Test
494	LSH-9R-494	Certification, Configuration, Quality & IP Evidence	Clearance Test — 9R-494	Clearance Test
495	LSH-9R-495	Certification, Configuration, Quality & IP Evidence	Capsule Release Test — 9R-495	Capsule Release Test
496	LSH-9R-496	Certification, Configuration, Quality & IP Evidence	Parachute Deployment Test — 9R-496	Parachute Deployment Test
497	LSH-9R-497	Certification, Configuration, Quality & IP Evidence	Drop Test — 9R-497	Drop Test
498	LSH-9R-498	Certification, Configuration, Quality & IP Evidence	Landing Impact Test — 9R-498	Landing Impact Test
499	LSH-9R-499	Certification, Configuration, Quality & IP Evidence	Occupant Protection Test — 9R-499	Occupant Protection Test
500	LSH-9R-500	Certification, Configuration, Quality & IP Evidence	Recovery Test — 9R-500	Recovery Test
